

Applications

- To fuse itself to cut off the circuit so as to protect the circuit in the abnormal current.
- FS series base
- It conforms to GB13539, IEC60269 Standard.
- Din rail installation: 35mm
- Suitable installation dimensions: $\Phi 10 \times 38$

FS32 Technical Information

Type	Product Description	Rated Voltage	Rated Current
FS32	$\phi 10 \times 38$ Fuse holder. 1P, 2P, 3P, 4P standard DIN Rail installation	500V	32A

Dimensions(mm)

Fuse

Applications

- To fuse itself to cut off the circuit so as to protect the circuit in the abnormal current.
- FS series base
- It conforms to GB13539,IEC60269 Standard.
- Din rail installation: 35mm
- Suitable installation dimensions: $\Phi 14 \times 5$

FS63 Technical Information			
Type	Product Description	Rated Voltage	Rated Current
FS63	$\phi 14 \times 51$ Fuse holder. 1P, 2P, 3P,4P standard DIN Rail installation	500V	63A

Dimensions(mm)
