

Indicator Light

Applications

Indication of signal, pre-set signal, malfunction signal in electric system.

Technical Information

- Rated Insulation voltage(U_i) 500V;
- Electrical endurance: LED>10000h
- Basic color of the signal lights: red, green, blue, yellow, white
- Rated operational voltage: AC/DC 6.3V, AC/DC 12V, AC/DC 24V, AC/DC 110V, AC/DC 230V;
- Rated Insulation voltage(U_i) 500V;
- Degree of protection: IP20

Dimensions(mm)
